STRATEGIC GUIDANCE

“

Jeshi letu hii ndilo litakuwa msingi wa mabadiliko ambayo atakuwepo kwa inchi yetu...

RPA Chairman of the High Command Paul Kagame addressing RPA soldiers during the Liberation Struggle in 1992, Mukarange

”

“

The values that characterised our liberation are still important today. We should all strive for our common good and not only individual benefit. Those in service should understand that they all serve Rwandans and are accountable to them.

H.E President Paul Kagame, Commander-In-Chief, Message on Kwibohora26 Celebrations.

”

BACKGROUND

This year marks the 28th Anniversary of the Liberation – Kwibohora28, an important milestone in Rwanda’s history.

In the aftermath of the 1994 Genocide against the Tutsi and the Liberation war, Rwandans made three important choices: we chose to **stay together**, to **be accountable** and to **think big**. These decisions have been at the core of the country’s ongoing renewal.

Under the theme “Together We Prosper” Kwibohora28 is another opportunity to celebrate a peaceful, united and prosperous nation.

Every year Rwanda Defence Force in partnership with government institutions is involved in a number of socio-economic development projects across the country.
